Qualifications

- Master's Degree in behavioral science or a related human services field.
- LISW, LICDC required.
- Minimum of one (1) years' experience in substance abuse or a related field
- Minimum of three (3) years clinical and or supervisory experience preferred.
- Experience with multiple treatment settings including inpatient, partial hospitalization, outpatient, hospital or residential based.
- Valid Ohio driver's license, current certificate of vehicle insurance, and access to reliable transportation to all assigned work locations.
- National Incident Management System (NIMS)/Incident Command System (ICS) 100.b, 700.a, and 200.c certifications within one month of employment.

Major Responsibilities

Promotes and supports population health by providing direction, controls and evaluations pertaining to the day-to-day operations of the facility's clinical programming within a withdrawal management setting. Provides supervisory oversight of the case management team to assist in clinical management of clients while in the detox unit. Completes comprehensive/biopsychosocial assessments in reference to the American Society of Addiction Medicine criteria. Develops treatment plans based off diagnostic information and assessment. Provides individual counseling and/or case management services based on patient and unit needs. Facilitates and/or co-facilitates group counseling sessions. Completes all appropriate documentation within specified timeframe. Works with a multidisciplinary team to assist patients in their recovery process and transition of care through discharge and aftercare planning.

Essential Functions

Under general supervision and/or as part of the Behavioral Health team, performs the following functions within the framework of the Erie County Health Department and the Erie County Community Health Center's provision of the core functions and essential services of public health:

- Provide specialized and/or technical agency and program specific information that requires limited interpretation of established policies, procedures, and other relevant sources to internal and/or external customers.
- Adheres to The Joint Commission, OhioMHAS and all other Behavioral Health governing bodies' protocols and guidelines.
- Provides expertise in all facets of chemical dependency, with demonstrated knowledge of special population needs.
- Interview internal and/or external clients to establish program-specific documentation and/or identify services needed.
- Obtains and completes appropriate client forms, ensures patient confidentiality, and maintains orderly medical records. Follows established public health medical records policies and procedures as well as the State and Federal laws that govern the release of health care information.
- Duplicates, collates, scans, assembles, and files materials as needed.
- Maintains electronic filing system for Behavioral Health division.
- Relates public health science skills to the Core Public Health Functions and Ten Essential Services of Public Health.

Job Posting #2022-13

- Provides public health information and data with individuals, community groups, other agencies, internal customers, and the public about physical, behavioral, environmental, social, economic, and other issues affecting the public's health.
- Under general supervision, prepares public health documents and reports.
- With general supervision, manages projects that support public health interventions.
- Adheres to Occupational Safety and Health Administration standards relevant to job duties, such as exposure to bloodborne pathogens.
- Must follow all safety policies and procedures to ensure an accident-free workplace.
- Provides clinical support to Agency activities related to development and implementation of community health assessment, planning, program, and policy development and implementation activities.
- Adheres to ethical principles in the collection, maintenance, use, and dissemination of data and information.
- Maintains, updates, and uses computerized data management systems and utilizes informatics to improve program operations.
- Collaborates in the development of and provides clinical support to Agency's quality improvement performance management, and evaluation activities.
- Answers telephones: screens calls, responds to inquiries and/or refers callers to appropriate agencies or divisions.
- Under general supervision, compose, draft, type and/or word process, proofread and edit documents, contracts, and/or correspondence to ensure these conform to the appropriate use of the English language and established procedures.
- Process mail and email by attaching related correspondence or information before forwarding, responding to mail when appropriate; respond to mail that can be handled personally; identify priority and/or time-sensitive matters; and maintain security and confidentiality.
- Utilizes appropriate methods for interacting effectively and professionally with persons of all ages and from diverse cultural, socioeconomic, educational, racial, and ethnic backgrounds, sexual orientations, lifestyles, and physical abilities.
- Adheres to ethical principles and Erie County Health Department policy in the collection, maintenance, use and dissemination of data and information.
- Performs all administrative, clinical activities related to Behavioral Health Division according to Agency policies and procedures.
- Performs public health emergency response duties as assigned and consistent with job classification and training provided, in response to threats to the public's health.
- Participates in Agency and community emergency response training and drills in support of disaster preparedness consistent with job classification.
- This position will be responsible for using quality improvement (QI) and performance management (PM) processes and/or techniques to improve the effectiveness of the public health programs. This includes, but is not limited to creating, implementing, and evaluating performance standards and identifying, implementing, and assessing program quality improvement processes.
- Assumes responsibility for own professional growth and development by pursuing education, participating in professional committees and work groups, and contributing to a work environment where continual improvements in practice are pursued.
- Performs other duties as assigned consistent with job classification.
- Greets visitors and clients in a friendly, competent, professional, and informed manner.
- Gathers patient information and secures signed documents as needed.
- Schedules client appointments.
- Eases any concerns or distress client may exhibit during the intake process.
- Responds to questions with timely, accurate and complete information.
- Answers and redirects incoming calls as appropriate.
- Follows all regulations and requirements pertaining to public health, federally qualified health center (FQHC), and Agency policies toward the workplace.

Special Requirements

- Treats others with courtesy and respect in all interactions.
- Responds with flexibility to changing needs.
- Manages multiple tasks and deadlines.
- Supports and promotes the Agency's vision, mission, and core values.
- Knowledge of the core functions and essential services of public health.
