FOR IMMEDIATE RELEASE

Erie County Health Department and WIC Services Moving to New, Expanded Location in Norwalk

Sandusky, OH – [April 15, 2026] – The Erie County Health Department (ECHD) and Erie County Community Health Center (ECCHC) are pleased to announce the relocation of their Norwalk services. Effective April 22, 2026, all operations currently located at 34 Executive Drive will move to a more centralized facility at 134 Cleveland Road, Norwalk, OH.

This move reflects a commitment to enhancing accessibility and service quality for residents in the region. The new Cleveland Road facility offers a larger footprint, providing families with additional space and a more comfortable environment for women’s health, pediatrics, mental health visits, and WIC consultations.

“Our goal has always been to meet the community where they are,” said Peter T. Schade, Erie County Health Commissioner. “Moving to 134 Cleveland Road allows us to offer a more centralized hub for our vital health services.”

The relocation is particularly significant for the Women, Infants, and Children (WIC) program, which serves as a cornerstone of nutritional support for local families.

“We are thrilled to welcome our families into this new space,” added Andrea Caudill, RN, BCLC, CLC, CLS Erie & Huron County WIC Director. “The additional room will allow for a more streamlined experience for our clients, making it easier for them to access the resources and support necessary for the health and well-being of their children.”

Important Transition Details:

- **Current Location:** 34 Executive Drive, Norwalk (Closing)
- **New Location:** 134 Cleveland Road, Norwalk (Opening April 22, 2026)
- **Services Included:** WIC appointments, clinical health services, and community outreach.

The Health Department remains a GOLD award-winning organization for the past two years, and this move represents a continued investment in maintaining those high standards of public health excellence. Patients and WIC participants with appointments scheduled for April 22 and beyond will be seen at the new Cleveland Road location.

About Erie County Health Department:

The Erie County Health Department remains dedicated to improving the health and wellness of all residents through accessible, compassionate, and comprehensive healthcare services. ECHD operates the Erie County Community Health Center, the Erie County Detox, Kaptur Rogowski House, and Compass Point, providing adult day services for Alzheimer’s and Dementia patients.
